TWO U. S. SENATORS WITNESS THE AIR RAID ON LONDON

Senators Kenyon and Kendrick Pass Thru Second Raid Experience in England

BRITISH CRAFT RETALIATE

English Planes Make Successful Attack on German Munition Factories in Bavaria—London Air Defense Batteries Break Up German Raiding Squadron.

LONDON, Nov. 1.—United States Senators William S. Kenyon of Iowa, and John B. Kendrick, of Wyoming, have passed unscathed thru their second air raid experience in London. The first time they were attending a dinner given at the Athenaeum Club by the Lord High Chancellor in honor of the visiting congressmen. Last night they were asleep in their suite on the top floor of a substantial seven story hotel when they were awakened by the Germans' bombardment. Senator Kenyon jumped out of bed, hurried to Kendrick's bed and shook him, with the remark:

"Senator, they are here."

The incessant booming made further elucidation unnecessary. Kendrick rubbed his eyes and leaped up and the two pajama-clad senators hastened to the windows, which they threw open, the better to hear and see.

In the streets the people were obeying the police and seeking shelter. The senators at great risk of injury from flying shrapnel watched the spectacle.

"It was our first air raid experience at close quarters," Senator Kenyon told the Associated Press, "and we welcomed it in the sense that it served us for our coming visit to the trenches in France and Belgium. The thing that impressed me most was the fortitude of the English people. Their coolness was nothing short of marvelous. The bravery of their women especially excited my admiration. If the purpose of the Germans is to break the nerve of the English people what I have just seen convinces me that they have failed utterly."

"While we stood catching cold and watching the bombardment I was wondering how our people would behave under similar circumstances. I turned to Kendrick and remarked that if the people of the United States displayed the same iron nerve which I am confident they would, the allied cause is in no danger."

Senator Kendrick interrupted remarking that he had overheard women folks walking thru the corridors of the hotel during the raid calmly discussing the theatrical performances from which they had just returned.

From their high places, which overlooked the park the senators had a good view of the gun fire all the moon lit sky flecked with tiny clouds made it difficult to catch a glimpse of the Gothas, which were soaring at great heights.

"After we were convinced from what we saw of the wonderful barrage fire that the enemy could not get close to us," said Senator Kendrick, "we went back to bed and made up for lost sleep."

The senators were up early this morning going into conference with Lord Rhonda on the food supply question. This afternoon they proceeded to the north of England for a visit to the ship yards.

Attack Munition Factories. London, Nov. 1.—Another successful air raid carried out by British machines has been made on German munition factories in Bavaria, according to an official communication issued tonight. The communication says:

"Today another successful raid was carried out into Germany. Munition factories at Kaiserlauten (Bavaria) were attacked by groups of six machines each."

Most Bombs Fall in Sea. A Southeast Coast Town, England, Nov. 1.—A fleet of hostile airplanes appeared over this region last night. It consisted of six relays of four machines each. Notwithstanding repeated attempts only a few machines succeeded in crossing the coast and only one machine had any success in dropping bombs in this district. A great majority of the bombs from the other machines fell into the sea.

Air Raid Pronounced Failure. London, Nov. 1.—Last night's air raid apparently was the most elaborate attempt to "lay London in ruins" ever made by the Germans. That it was a failure was due to the new air defenses which, with the gun fire of the airplanes, harassed the enemy and broke up his squadrons so that at the most three machines were able to cross the Metropolis where they dropped a few bombs.

MAY ASSUME CONTROL OF LIQUOR

London, Nov. 1.—The British government, according to the Daily Express, is considering making its first experiment in state control of the liquor trade by assuming control of the manufacture and supply in Scotland. On the success of the test would depend the extension of control to England, Ireland and Wales.

DESPATCHES FROM ROME BRING SOME REASSURING NEWS

General Cadorna's Army is Reported as Practically Intact Despite Losses

SITUATION NOT CRITICAL

Cablegrams Express Confidence in Italian Commander's Ability with Aid of Allies to Stop German-Austro Drive.

WASHINGTON, Nov. 1.—Reassuring news came from Rome today in official despatches. While serious, the situation on the Italian front is described as far from desperate, as General Cadorna's army is declared to be practically intact and complete confidence is expressed in his ability with aid coming from the allies to stop the Austro-German drive.

The cablegrams summarize the situation as follows: "The military situation on the Italian front is serious, it is far from being desperate. At the present moment having recovered from the first surprise it may be stated that our allies are preparing to oppose a furious resistance to the enemy at the point which without doubt, General Cadorna has selected. It is probable that if the retreat should continue for a few days longer the Italian resistance will develop along the Tagliamento, quite an important river, which descends from the Cenia Alps or perhaps if the Austro-Germans attack in Cerna it will be on the Pieve River which flows westward."

"Whatever the number of Italians taken prisoners, the strength of the army of General Cadorna has not been weakened. It must not be forgotten in fact that Italy has under the colors more than 3,000,000 men. As for the guns that the Austro-Germans claim to have captured they only represent the production of a few of the munition factories of our allies."

"The Italian army is practically intact. Besides the French and English are coming to our rescue. It has already been announced that the beginning of the council Sunday evening the French ministers were busy determining the extent and nature of the co-operation of the Allies on the Italian front. This same question was further considered by the council Monday morning and by the war committee which was held at the Elysee, M. Poincare presiding. The British government has taken prompt measures to rush aid to the Italians and all indications are that this French and British aid will come at the hour when the enemy invades the plain of Freoule."

"Meanwhile awaiting developments Italian public opinion realizes the gravity of the hour and is bearing the shock with calmness and firmness."

"The Italian press declares that the battle which is about to take place may be the last great battle of the war."

GOVERNOR LOWDEN HONORS A REQUISITION

SPRINGFIELD, Ill., Nov. 1.—Governor Lowden honored a requisition today from the governor of Virginia for the return to Rustburg, Va., of Herman Roscoe, wanted on a bigamy charge and under arrest at Aurora, Ill.

A requisition also was issued on the governor of Missouri asking for the return to Quincy, Ill., of Ludwig Perfidio who is charged with breaking into a drug store and stealing drugs at Quincy. Perfidio is said to be under arrest in St. Louis.

THEATRE TAX EFFECTIVE

New York, Nov. 1.—The war tax on theatre tickets effective throughout the country today has necessitated the employment of many additional clerks in New York theatres to collect the tax. At one of the leading theatres where the patronage of children is unusually large, twelve extra persons have been hired to regulate the complex matter of the children's tax.

HEN LAYS 289 EGGS

Lexington, Ky., Nov. 1.—Hen No. 797, a White Leghorn, owned by Dr. R. Lindsey Ireland, of Louisville, last night was announced as the winner of the year's national egg laying contest at the Kentucky experiment station here. She laid 289 eggs. The world's record is 314. The lighter breeds outlived the heavier, practically thru the entire year the records showed.

INFANTILE PARALYSIS VICTIMS CURED

Philadelphia, Pa., Nov. 1.—Of the more than 1,000 victims of infantile paralysis during the epidemic here last year, 143 have been entirely cured, it was announced today by the department of public health. About six hundred patients are still undergoing treatment. Muscle training, massage and electrical treatments are the methods.

MILK SHORTAGE REPORTED IN CHICAGO

City Will Have to Subsist Today on 20 Per Cent of Normal Quantity Generally Used—Farmers Demand More Money.

Chicago, Nov. 1.—A milk famine is due in Chicago tomorrow. Not more than 20 per cent of the normal quantity was delivered today at the collecting stations and factories in the dairy district about the city, and this is the supply on which the city will have to subsist tomorrow.

Distributors and farmers considered that the problem was up to Harry A. Wheeler, food administrator for Illinois. At the office of the Borden company it was said that the farmers reported at the companies eighteen collecting stations that they would accept any reasonable figure set by a responsible agent of the government, but that they would fight to the limit against the \$3.00 per hundred pounds offered by the distributors, unless the government said that the price was a just one.

The farmers met at Beldere, Elgin, Dundee and elsewhere and agreed to insist upon the prices recently fixed by themselves for November, namely \$3.71 or more. They claim that they cannot maintain their herds even at the October price of \$3.42.

Mr. Wheeler held several unofficial conferences today and there was hope before morning he might find some way out. The situation compelled him to take up the subject before he way ready.

Any destruction or interference with the milk supply by farmers or others will be followed by federal prosecution it was announced by special Attorney General R. W. Childs tonight.

The food bill provides that willful destruction or restriction of distribution of necessities is punishable by a fine of not more than \$5,000 and imprisonment of not more than two years or both.

The supply which reached the big distributors today in many cases was as low as ten per cent of normal.

GOVERNMENT WILL RESTRICT USE OF COAL

WASHINGTON, Nov. 1.—Resolutions designed to restrict the use of coal in industries considered non-essential to the conduct of the war will be put into force soon by the fuel administration. The plan under consideration provides for classification of industries in the order of their importance and issuance of a general order to coal producers directing them to supply first manufacturing plants engaged in war work.

Domestic consumers will be supplied ahead of all industries and the regulations will contain special provisions for taking care of their requirements.

An upward revision of coal prices for mines which contain unusual thin veins and for mines in the hands of receivers to permit them to operate at a profit is probable within a few days.

WAR TRADE BOARD STOPS EXPORT OF CORN

WASHINGTON, Nov. 1.—The war trade board tonight issued an order prohibiting the export of corn except in special cases where satisfactory evidence of the necessity of exporting has been submitted.

"This is due to the late arrival of the new corn harvest," said the board's announcement, "and exporters have been warned not to make any shipments or any contract for shipment unless licenses for export previously have been secured."

"In the past exporters have made shipments and then attempted to use the fact that they were paying demurrage as a reason for releasing such shipments. This reason can no longer obtain and henceforth export licenses will be refused if shipments of corn are made previous to securing licenses."

MANY GERMAN SUBS HAVE BEEN SUNK

London, Nov. 1.—Between 40 and 50 per cent of the German submarines operating in the North Sea, the Arctic and the Atlantic since the beginning of the war have been sunk, said Sir Eric Geddes, first lord of the admiralty in the house of commons today.

IS VISITOR FROM CHICAGO

George Ellworth of Chicago was in the city yesterday for a few hours on a business and pleasure trip. Mr. Ellworth is chief clerk of the Greenbaum and Sons bank in Chicago and came over from Springfield by automobile with Charles R. Lewis.

TIME IS CHANGED FOR REGISTRATION INSTRUCTION

The time for instruction in the registration for women will be held at the public library this afternoon at 1:30 instead of 2:30 o'clock. This change is made on account of the meeting of Sorosis. Captains are especially urged to be present at this afternoon's meeting.

GIVES FIGURES ON SHIPPING AND WORK OF ENGLISH NAVY

First Lord of Admiralty Sir Eric Geddes Makes First Address in Parliament

REPORTS "SUB" SINKINGS

Declares Between Forty and Fifty Per Cent of German U-Boats Have Been Sunk—Supplements Recent Statement of Premier Lloyd-George.

LONDON, Nov. 1.—Sir Eric Geddes, who recently succeeded Sir Edward Carson of first lord of the admiralty made his first address in parliament today and gave anxiously awaited figures on the work of the navy and on shipping in general.

He declared between forty and fifty per cent of the German submarines operating in the North Sea, the Atlantic and the Arctic Oceans had been sunk and said in the last quarter of 1917 the enemy had lost as many submarines as in the whole of 1916.

Sir Eric, supplementing the recent statement by Premier Lloyd George in Albert Hall said that he could give certain information which would show that we are making reasonably satisfactory progress in overcoming the menace of the enemy's submarine activities.

He added that the house would realize that however great the loss of mercantile tonnage is—and the figures are still very formidable—we cannot at this stage of the war pick up any one item to deduce therefrom that the war—even any phase of the war—is going well or badly.

"The total net reduction since the beginning of the war," said Sir Eric, "from all causes in British tonnage on the official register in ships over 1,600 tons is under two and one half millions of tons gross or fourteen per cent and that after a period when our great armies and their magnificent equipment received priority and the great growth of our navy was simultaneously achieved to the detriment of mercantile ship building. Now that the submarine is for the present doing less damage and the resources of the country are again being devoted to a far greater and an increasing extent to the rebuilding of the mercantile marine, I look for net results still more formidable."

"Summarized the submarine warfare amounts to this: Our defensive measures have during the last seven months proved so efficacious that in spite of the increased number of ships passing thru the danger zone there has been steady reduction in the damage done by the enemy submarines. In the meantime we are sinking enemy submarines to an increasing extent. Our offensive measures are improving and will still more improve. But the Germans are building submarines faster than they have done and they have not attained their maximum strength. It appears, therefore that in the submarine warfare as elsewhere, it is becoming a test of determination and ingenuity between the two contending forces."

"For the present I have come to the conclusion that the submarine warfare is going well for us. The enemy has done less damage than he hoped and less than we estimated. He has done it with a serious and heavy loss to himself. At present we are justified in feeling that his attack on our trade is being mastered."

The first lord said it was interesting to recall the position of the German mercantile marine, continuing: "At the outbreak of the war Germany possessed over 5,000,000 tons of shipping. Today nearly half of it has been sunk or is in the hands of ourselves or our allies. She has a fifty per cent reduction to our fourteen per cent."

He pointed out that while Great Britain has plenty of coal, Italy and France have not and it was essential there should be the greatest possible economy in food and in all imports in order that tonnage should be saved so that it may be diverted to other vital needs of the alliance.

"The huge army of the United States," he said, "is preparing and has to be transported and maintained. The French, Italian and other allies require seaboard help. That help can only be given if the nation is prepared strictly and rigorously to curtail its needs, develop home resources and conserve its present potential marine strength."

Referring to the success of the convoy system in general Sir Eric said: "In September ninety per cent of the total vessels sailing the Atlantic trades were convoyed and since the convoy system started the total percentage of loss per convoyed vessel thru the danger zone was one in two hundred."

Defending the navy, the first lord reviewed its accomplishments in this war, declaring that, unlike the enemy forces its role was an offensive one. In conclusion he said:

BULLETIN

PETROGRAD, Nov. 1.—Russia entered the war early and she is now worn out by the strain Premier Kerensky today told The Associated Press.

He said that Russia claims as her right that the other allies now should shoulder the burden of the war.

Premier Kerensky declared that Russian public opinion was agitated by the question:

"Where is the British fleet now that the German fleet is out in the Baltic?"

War News Summarized

The greater portion of General Cadorna's Italian army apparently has crossed the Tagliamento river and probably now stands on the western bank in a new line of defense waiting to give battle there to the Teutonic allies.

The advance of the enemy, altho it has been remarkably fast, has not been quick enough to carry out the purpose of the military commanders to envelop the Italians and put them out of battle from the Carnic Alps to the head of the Adriatic.

The Italians lost heavily in men and guns captured. The latest German official communication asserting that more than 180,000 men and 1,500 guns were taken by the Teutonic allies. They also suffered terribly from hardships due to bad weather and lack of food as they made their way across the country to the Tagliamento, with their rear guards everywhere harassing the enemy.

But General Cadorna declares that, with the morale of his men still splendid the success of the invaders soon will be made valueless.

On the eastern side of the Tagliamento the Teutonic allies have captured all along the waterway from Pizano to Latisana valuable bridgehead positions from which to operate against the Italians on the other side of the stream. No mention has been made of any attempts by the enemy to bridge with pontoons the stream now at full freshet, but doubtless strong efforts in this direction will be made as soon as sufficient artillery has been mobilized to give it effect.

Should General Cadorna decide to stand and chose the Pieve for the big battle that is to come, doubtless the plains of Friuli soon will witness the greatest open warfare of present hostilities. Already the Italian cavalry has been in action east of the Tagliamento and did notable work harassing the Teutonic allied advance.

On the battle fronts in France and Belgium little activity is displayed, except by artilleries of the opposing sides, which at various points are carrying out violent reciprocal bombardments. The Petrograd office reports another withdrawal of the German troops in the Riga region north Russian front. The Russians are keeping in contact with the German rear guards as they retire to the prepared positions and the significant statement is made by the Russians that there are no grounds for supposing it will be possible for the retreating elements to be thrown upon any other front.

This possibly may indicate that the Russians are carrying out an operation so strong that the Germans will not be able to deplete their forces by sending reinforcements to the Italian and Western fronts.

In Palestine British troops have captured the town of Beersheba, a short distance southwest of Jerusalem, and made prisoners of 1,800 Germans and Arabs. They also took nine guns suffering slight losses themselves in the operation.

The American Transport Finland was torpedoed recently while returning to the United States from the war zone. The vessel was damaged but made port under her own steam.

RAILROAD EMPLOYEES ASK FOR INCREASE

CHICAGO, Nov. 1.—A formal demand for a general wage increase to 250,000 railroad employees to meet advanced living costs is expected to result from a joint conference started today by officials of the Brotherhood of Railroad Trainmen and the Order of Railway Conductors. Conductors, brakemen, flagmen, baggage men, switchmen and yardmen are the men affected.

Labor officials deny emphatically that any strike is contemplated.

NATURALIZATION PAPERS REFUSED TO I. W. W.'S

Chicago, Nov. 1.—Members of the I. W. W. who seek naturalization papers would do well to avoid Judge Robert E. Crowe chief justice of the circuit court. He has announced that he would refuse to naturalize any man who says he belongs to the I. W. W.

"When men don't believe in the law," he said today, "I fail to see where they should have any standing in the eyes of the law."

HARDSHIPS OF FIRST LINE MAINLY DUE TO "TRENCH FEET"

First Battalions of Americans in Trenches are Safely Relieved by Others

ONE OFFICER IS WOUNDED

Lieut. Hardin, Signal Corps, Receives Shrapnel Wound in Leg—Being Treated at Base Hospital—Men Require Gasoline Bath After Coming from Trenches.

WASHINGTON, Nov. 1.—Lieutenant De Vere H. Hardin, signal officer reserve corps, was the first American wounded after part of General Sibert's forces entered the trenches in France last week. General Pershing reported to the war department today that Lieutenant Hardin received a shrapnel wound in his left leg Oct. 28. Press despatches from American headquarters in France last week said the lieutenant was being treated at a base hospital. Lieutenant Hardin's next of kin is Mrs. Josephine Hardin, Burlington, Vt.

Relief Accomplished Successfully. With the American Army in France, Nov. 1.—By the Associated Press.—The first battalions of Americans in the trenches have been relieved by others. Relief, which is considered one of the critical periods when the enemy is shelling the approaches to the positions may inflict heavy damage was accomplished successfully. Apparently the enemy was not aware of what was going on.

With the men back in billets it now is permitted to mention for the first time that the casualties were negligible. In fact more men are suffering with "trench feet" than with wounds.

From a military standpoint the experience gained by the Americans is considered of a very high value in the training of contingents which are yet to arrive on French soil. It was a tired, dirty, wet, mud-caked body of men that returned to billets. The men had only two clear days while in the trenches. They wore mud from their hats to their shoes. Before anything else they required a bath, first with gasoline and then water.

Today the sun was shining brightly and the returned soldiers spent most of the time sunning themselves and their belongings and tonight are ready to go back.

THREE CENT POSTAGE RATE IN EFFECT TODAY

WASHINGTON, Nov. 1.—With the new three cent rate for letters effective tomorrow, the postoffice department has instructed postmasters to return to senders if known, letters bearing insufficient postage. If senders are not known and the letters bear the old two cent postage stamps, they will be sent to the addressee and the deficient postage collected.

A PUZZLING SITUATION.

"Forward with God!" cries the kaiser in his message of congratulations to the young Emperor Karl. But we cannot help wondering why the kaiser's god should move forward in Italy and backward in France and Flanders.

A NEW YORK PASTORATE CHANGE.

Rev. J. H. Jowett has relinquished his post as pastor of the Fifth Avenue Presbyterian church in New York and will return to England. Among the fifty or more names suggested for the pastorate by members of the congregation is that of Evangelist Billy Sunday. The enthusiasm of this Sunday admirer is understandable but it is hardly possible to imagine the cyclonic evangelist confining his efforts and oratory to one church.

WOULD CURTAIL LIGHTS.

The suggestion made to Dr. Garfield that immense electric signs should be prohibited during the war period in order to save fuel costs may have emanated from some coal men unfriendly to Samuel Insull of the state council of defense. It is said that Mr. Insull was one of those who engaged actively in the work of keeping coal prices from still higher levels. He is in the electric lighting business on an extensive scale, along with his other enterprises, and the suggestion that the consumption of electricity be curtailed can be viewed in the "get even" spirit.

TUESDAY WILL BE ELECTION DAY.

Voters of Morgan county should remember that next Tuesday is election day and a member of the Morgan county board of commissioners will be chosen. Republicans of the county have F. J. Scholfield as their candidate. His record is well worthy of consideration by the voters of the county. He is a comparatively young man but is by no means inexperienced in business affairs and has a stability of character which well qualifies him for the duties of board membership. Fred Scholfield is clean, honest and capable, and in

him the party has a strong candidate.

GRANDFATHERS PAID EVEN HIGHER PRICES.

Philadelphia Record: Some one has dug up an invoice of a bill of goods sold by a firm of wholesale grocers of Keokuk, Ia., in June 1862, which shows that sugar was \$55 a barrel and rice \$38, while tea sold at \$101 for a 55-pound chest. Coffee was four times the present prices, and the same bill of groceries which then brought \$644.14 could be purchased today for \$291.61. Those were the days of the civil war which accounts for the soaring prices. Nowadays when people kick over paying nine and ten cents a pound for sugar and moderate sums for tea and coffee they may find some consolation in knowing that their grandparents were in much worse plight. Compared with most of the world, the United States is standing the stress and strain of the present war with comparatively little discomfort.

ADAMSON LAW DID NOT END TROUBLES.

When the Adamson law was passed and hours of labor and wages of trainmen were fixed, some men in congress were led to believe that there would be no further railroad labor troubles. Only recently a strike was averted by an increase in wages and now the switchmen have formulated a demand which means approximately a 50 per cent increase in their wages. Those familiar with the status of the switchmen's wages declare that they are out of proportion to the wages paid to other railroad workers and that an increase is justified. At any rate, the switchmen are likely to win at least a partial victory, for the need of keeping the railroad service of the country undisturbed at the present time is so important that government authorities are almost certain to advocate an increase in order to be certain to "keep the wheels moving."

THE KAISER CAUSED THE TAXES.

In accordance with the recent act of congress many new forms of taxation are in effect today. If you travel on a railroad you must pay as a special revenue tax 8 per cent of the purchase price of your ticket. If you ride in a sleeper there is 10 per cent tax for your Pullman berth. You must pay 3 cents for letter postage and 2 cents for mailing a postcard. Go to a picture show or theater and you will find the necessity of "doing your bit" in the payment of a tax. Your cigarettes and tobacco will cost you more. The coal dealer who sends your coal will include in his charge two or three cents a ton on account of the federal tax, and you will day by day be

charged by merchants for the various taxes that they must pay, for inevitably the increased cost of doing business must always be passed on to the consumer. For the most part U. S. citizens will willingly meet these conditions and the in many instances it may be hard for them to do so. Whatever resentment they feel for this increased living cost and for the necessity of making this contribution to the revenue of the U. S. should be turned against Kaiser William, for it is his insistence upon war, his determination to bring the whole world under the yoke of Germany, that has made these revenue measures necessary.

SEEKING TO REDEEM EAST ST. LOUIS.

An effort is being made in East St. Louis to change to the commission form of government. A department in one of the East St. Louis papers is edited by friends of this movement and each day a line of five argument is presented in support of the proposed change. The record of municipal government in East St. Louis certainly warrants some change and the friends of good government are thoroughly justified in their efforts to get away from the old system, which has brought so much of discredit to their city.

In the argument in support of the commission form plan the fact has been cited that more than 500 cities in the U. S. are now operating under the commission form and in most instances the results have been more satisfactory than were secured under the aldermanic form. In most instances the commission form has been adopted in cities of 50,000 or less in population, but many large cities are also trying out the plan, including the following:

New Orleans, population 339,000; Jersey City, 267,000; St. Paul 214,000; Portland, 207,000; Oakland, 150,000; Birmingham, 132,000; Memphis, 131,000; Omaha, 124,000; Lowell, 106,000; Spokane, 104,000; San Antonio, 96,000; Dallas, 92,000; Kansas City, Kan., 82,000.

FOOD PRICES THEN AND NOW.

When one considers the fact that Herbert Hoover yesterday became director general in every food firm in the U. S. it is easy to believe that his authority is just now only secondary to that of the president of the U. S., the most powerful man in the country. Operating under licenses which the food administration will issue will be about 40,000 food manufacturers, importers and distributors. It is admitted that Mr. Hoover does not have authority to fix retail food prices but that makes no difference, for he can control this important matter thru the distributor agencies. The retailer who makes prices not to the food administrator's liking will find his supplies cut off at the source. So there is more than one way of accomplishing a desired end.

Recently Mr. Hoover declared that he believed the corner had been turned and that food prices would show a downward tendency. Notwithstanding this statement, consumers should not look for any radical reductions for such prices would be out of line with the prices for wheat, corn, beef and pork, articles which enter so largely into the general program of food production.

Persons who have felt the sting of high prices in their every day living can find some satisfaction in the knowledge that during the days of the Civil war prices were much higher than now. A wholesale grocery firm's invoice of June, 1862, recently came to light wherein sugar was quoted at \$58 a barrel, rice at \$38, and a 25 lb chest of tea brought the neat sum of \$101. Other foodstuffs were sold at prices almost as high and the total bill of goods could be bought now, notwithstanding our high prices, at about 25 per cent of the figures of '62.

SIFTING OUT THE FACTS.

Accorded by the knowledge that the circulation of truthless stories about the army operations and military affairs generally are of frequent occurrence, the Saturday Evening Post in a timely editorial on "War Fakes" urges people to use practical horse sense in weighing any sensational stories they hear. Newspapers and news-gathering agencies daily receive tips on happenings that never happen, which if they had only been true would have superlative news value. Newspaper workers have experience along these general lines to such an extent that they can easily detect fakes, but the general public, not accustomed to stories of this kind, too often give credence to ridiculous rumors. Today a vast number of citizens have an idea that the war news given out for the consumption of American people is so thoroughly censored that fully half of the facts which the public would like to know never appear in print. It is this idea about censorship which makes them the more ready to swallow rumors, the falsity of which they would see at a glance if they only took the time to weigh the facts and to consider affairs in their proper relationships. In some of the stories which are circulated these days, intimating disasters to our forces abroad and cantonment happenings menacing the peace and safety of soldiers at home, there is disloyal intention. So it becomes a matter of patriotic duty to sift them carefully—to in a measure, "prove all things and hold those which are true."

DO YOUR CHRISTMAS MAILING NOW.

Each community has its boys in training or at the front with the army or navy. When Christmas time comes, those boys will be pretty lonely. This Christmas will be different from any they have ever known. They will think a lot of the folks back home. They will do a lot of wishing that they were home themselves, just for Christmas day. And it will be mighty hard on the one who is given reason to believe he is forgotten.

In the whole country there is not a mother, not a sister, and not a sweetheart who has a boy in

France who isn't proud of the fact. None wants her particular boy to think he is one who is forgotten. None wants her boy to be without his package from home, when the other boys in his command get their packages.

To make sure that none will be empty-handed on Christmas day every mother, sister, sweetheart and friend must do her Christmas mailing at once.

There is no more time for delay. The postoffice department has sent out a general notice that to assure delivery of Christmas packages in France or to the boys in the navy they must be mailed not later than November 15. But none should wait until the last day the department warns all. The mails are certain to be congested at that time. The chances of delay will be increased.

For the boys in American camps you need not hurry. But get your Christmas packages for the boys abroad and in the navy into the mails now. Be sure and have them ready by November 10th. And remember the 15th of November is the very last day.

Rippling Rhymes
By WALT MASON

The Champion Grief.

You talk of mourning things, my friend, you say your wee's the one best bet; I'll tell, if you, an ear will lend, the saddest thing that's happened yet. It is to meet your lost Lenore, or female of some other name, the peach you loved in days of yore, when love was quite a fevered game. Somehow she drifted from your life, for youthful dreams go galley west; in time you gathered in a wife, but always loved the old girl best. In memory she kept her place, the lost Lenore with starry eyes, with curly hair and angel face; the lovely image never dies. And now that you are waxing old, you go back to your native town, where once, with footsteps quick and bold, you ran the fleet jackrabbit down. And there you meet on ancient dame, who'd scare a burglar with her face; she has a large and bony frame, she talks a deep and rumbling bass. Ah, then you shed the bitter brine, and lean against the Blue Front store, for you feel saggly in the spine—this beldame is your lost Lenore! To find your girl of love and mirth become so punk and fierce a hunt! This is the saddest thing on earth; there's nothing else so dad-blamed tough!

DEATHS

Deaths.

The following notice from the Ottawa, Kansas Herald relates to a former resident of Morgan county who no doubt is known to some of our older residents.

Isaac Sheets, 78 years old, died at 2 o'clock this afternoon at his home 804 South Poplar street, after an illness of fourteen months. Death was due to complications. Mr. Sheets was a native of Morgan county, Ill. He was born June 9, 1839, and married Julia F. Enlow, January 16th, 1872. His wife, two sons, William R. Sheets of Kansas City and Owen E. Sheets of Ottawa, and two daughters, Mrs. Josephine L. Shaw of Kansas City and Mrs. Charles D. Everhart of La Junta, survive.

The deceased was a veteran of the Civil war, having served from August 17, 1861, in Company D, 26th Illinois Infantry. He had been a member of the G. A. R. for thirty-eight years. Before moving to Ottawa Mr. Sheets had been a farmer near Princeton. He belonged to the First Baptist church.

The funeral will be held at the home at 2 o'clock Sunday afternoon.

The Rev. W. A. Elliott of the First Baptist church will have charge and will be assisted by Chaplain B. F. Tugh of the George Thomas post of the G. A. R. Burial will be in Princeton cemetery.

NORTHMINSTER LADIES

GAVE CHICKEN SUPPER

The annual chicken supper was given by the ladies of Northminster church Thursday evening. As is always the case the supper proved an unqualified success and was largely attended. The ladies left nothing undone to add to the success of the occasion. The menu which already had been published in the Journal was an excellent one and no one was heard to say that they didn't have enough. The committees were well organized and the service was all that could be desired. The ladies will realize a goodly sum from their venture which will be used for the benefit of the church.

A BIG CORN SHUCKING FORCE

Fifty men from Jacksonville State Hospital were busy yesterday on the Zachary farm shucking out corn. Supt. Hill said that today probably 100 men would be employed in the work and with such a force it will not take very long to crib all of Mr. Zachary's corn.

MEMBER U. S. MARINE CORPS WRITES PARENTS

Private Henry A. Ricks of This City Says He is in Good Health But Very Busy.

Private Henry A. Ricks, who is with the 30th company of the 5th Regiment U. S. Marine Corps, in a recent letter to his parents, Mr. and Mrs. John Ricks, says that he is in good health but has little time for letter writing as the work of training keeps him constantly busy. In this letter the young man says:

I wanted to write sooner but I have been moving and very busy. I could not write sooner and I know you are always looking for mail from me. I got your letter with the church program in it and it surely must have been nice. I have never run across anyone I ever knew since I have been here but maybe some day I will. At least I shall look forward to it.

I am sitting here in the hut writing this note by lantern light.

I am getting along fine and I do hope all of you keep well. I would like to write letters to all my friends but there is nothing I can say which would be interesting so we must all wait until I get back. The only one I write to is you. I would like to write Bud but you can tell them all I have to say. I got his letter about a week ago.

I want you to write and tell me all about my friends and who are in the service.

I can certainly use anything the Red Cross wants to send.

I don't know anything more to write, with love and kisses.

Your son Henry.

MANY SIGNATURES

FOR FOOD CARDS

The campaign for the securing of signatures of food conservation cards being made thru the public schools is moving along in a successful way. Reports made by school principals yesterday afternoon to Mrs. Parker Doan, chairman of the conservation committee, indicated that a very large number of cards had been signed. Many of the boys and girls secured signatures for all the cards given to them and came back for additional cards. The success of this signature plan is largely attributable to the fact that women of the city now generally understand the need for effecting savings of food stuff and are anxious to comply with the request of the food administration.

F. E. BALDWIN AN

ATTORNEY FOR MINOTTO

Newspapers in recent days have given considerable space to stories in connection with the investigation being made of the doings of Count James Minotto, son-in-law of Louis F. Swift, millionaire Chicago packer. The count is suspected of pro-German activities and was arrested at the instance of the federal government. Henry Veeder, who is personal attorney for the Swift family, is representing the count and is assisted by Francis E. Baldwin, formerly of this city. Chicago papers yesterday mentioned the return of Mr. Swift and Mr. Baldwin from New York city, where they had been on business connected with the case.

PLAY PROVED SUCCESSFUL

"The Deacon" a five act play, was presented by the young people of Sacred Heart Parish, Franklin, Thursday evening. Marquette hall was crowded to witness the production and expressed hearty approbation of the efforts of the players. Every one in the cast acquitted themselves with great credit and the performance would have done credit to professionals. The pleasure of the evening was enhanced by vocal solos by Miss Marguerite Butler of the Conservatory of Music of this city. Miss Ruth Duncan acted as accompanist for Miss Butler who was compelled to respond to several encores. The play was not only a histrionic but also a financial success and the young people are to be congratulated.

HOLD BOX SOCIAL AT KINMAN SCHOOL

Pleasing Program Given By Pupils—Neat Sum Realized From Sale of Boxes and Refreshment Booth Sales.

A very successful box social and entertainment was held at Kinman school northwest of Jacksonville Thursday evening. There was a fairly good sized crowd present and all present enjoyed a most pleasant time. All who took part in the program did well in their respective roles and Miss Marie Miller, the teacher, is to be congratulated on the ability and training displayed by the pupils. All of the pupils at the school this year are boys. No girls are enrolled. The program last night was as follows:

Song—"America".
Song—"School of Jolly Boys" sung by the pupils.

Recitation—"The Bright Side of It", Lawrence Smith.

A school room song by the pupils.

Recitation—"Loss and Gain" William Surratt.

Patriotic songs of State and Nation by pupils.

Rhymes and songs by primary department pupils, Helen Smith, Johnny Fahman and James Hadden.

Recitation by three boys—"All colors" by Orville Smith, Lawrence Surratt and Harvey Surratt.

Song of the October season by pupils.

Recitation—"Johnny and the Pumpkins" by Orville Smith.

The final number was a little play entitled "What Do You Know About Ghosts?" Four of the children took part in this, Harvey Smith, Lawrence

Smith, Lawrence Surratt and Raymond Zachary.

After the program was over John W. Clary acted as auctioneer and the boxes of good things to eat were sold to the highest bidder. All of the boxes sold well. There was also a cider, pop corn and candy stand in charge of Mr. Grant Smith and a goodly sum was realized from this booth. Altogether the total receipts of the evening was \$27.

CONGREGATIONAL CHURCH BROTHERHOOD

The regular meeting of the Congregational church brotherhood will be held this evening in the church parlors. Dr. Hanley is to be the guest of the club and make a brief address after supper. Supper promptly at 6:30; all members urged to be present. Something extra in the way of supper is promised.

ARMY Y. M. C. A. CAMPAIGN

The campaign for funds for the Army Y. M. C. A. work has begun in earnest in Morgan county. Last night John J. Kneese addressed a company at Markham and A. C. Metcalf and J. S. WORTH \$5000 A YEAR TO HIM

Taste for Drink Removed

\$5000 a year is a tidy sum. In a large town near Chicago there is a business man who tells his friends that The Keeley Treatment has meant that much, and more, to him. A few years ago this man was addicted to the use of liquor. Every day he had to drink a certain quantity or suffer the agonies of deprivation. His appetite was poor, he didn't sleep well, and his business was showing the effects of impaired will and efficiency.
When he heard of the Keeley Treatment he determined to rid himself of the weight that was dragging him down. He went to the Keeley Institute, took the treatment and today he is a thoroughly well man, with the craving for liquor entirely removed. He has been able to concentrate his efforts on making good. The Keeley Treatment has given him a new life, and higher ideals—no wonder he values it so highly. This is but one of thousands of similar cases, varying only in detail, which could be mentioned. Every one of them are strong advocates of the Keeley Treatment and value it just as highly as the man whose case we have cited. But, really, the value of the Keeley Treatment cannot be estimated in dollars. The fresh vigor, the newfound respect of friends, family and neighbors, the regained ambition and self-control that come with the throwing off of habit are things that mean more than money.
Men and women who use liquor or drugs need the scientific Keeley Treatment. Tell them about it. Safe and effective—no harmful drugs, no nausea, no ill effects, no confinement; administered by skillful physicians. Write for information in plain, sealed envelope. The Keeley Institute, Dwight, Ill. Nearly 40 years of successful service.

PROGRAM OUTLINED FOR OLDER BOYS CONFERENCE

Program for Older Boys Conference is Given Out—Contains Much of Interest and Deals with Problems of the Present—Address of Welcome Will Be Given by Mayor Rodgers.

Reference has already been had to the meeting of the older boys' conference in this city Nov. 30, Dec. 1 and 2 when six hundred or more delegates are confidently expected. It promises to be a great event in the annals of the city. The convention is composed of delegates from Sunday schools and Young Men's Christian Associations and will bring to the city some fine young men. The delegates must be at least fifteen years old and will be accompanied by adult leaders. Eminent speakers will be here and the whole affair promises to be one of great interest. The advance information circular contains, among others, a portrait of Mayor H. J. Rodgers, president of the Jacksonville Y. M. C. A.

The following is the program: Theme—"The Call of the World Need."

Friday, November 30th.

12:00-4:00 Registration of Delegates.

4:00. Meeting of Nominating Committee.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use **Foley's Honey and Tar.**

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearville, W. Va., writes:—"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

WHY HAVE ROUGH UGLY HANDS

Marinello Rose Leaf Jelly

will keep them smooth, white and delicately scented. It is absorbed quickly—leaving the skin without any trace of oiliness. It may be used a dozen times a day with good results. Free sample and demonstration or send two cents to cover cost of mailing trial package and booklet on "Care of the Skin."

MARINELLO SHOP, Hutton Bldg.

Are You Interested In Saving Five Cents Out of Every Dollar You Spend

Even if our prices were the same as others we give you a discount. We give you **S. & H. Green Stamps** on every cash purchase.

Figure what five per cent of your money spent last year would be; and you could have bought nearly all of stores giving **S. & H. Stamps.**

Our prices are lower in the beginning. We sell you a Mattress at \$6.95 that other stores ask you \$8.50 for—compare them.

We sell you a bed spring for less money than even Chicago mail order houses and you get the **S. & H. Stamps** besides.

We offer you many articles of standard house furnishings at prices that are one-fifth less than you pay elsewhere—and the **S. & H. Stamps** too.

Can you afford to overlook this store in your fall shopping?

Come in this week and make us prove it. Compare our goods and prices. We sell you goods at the price you like to pay.

O. E. S. annual chicken supper Saturday evening, November 3rd. Masonic Temple. Supper 35 cents.

I was an intense sufferer from stomach trouble and extreme nervousness. Doctors, whom I consulted seemed puzzled over my case. After taking a course of treatment of Dr. C. W. Carson, the Chicago specialist, I have felt better for the past three months than I have for two years. All my friends remark on the great improvement in my appearance and I certainly feel it.—Mrs. John Murgatroyd, Jacksonville, Ill.

STATE FAIR DOMESTIC SCIENCE SCHOOL REPORT

Record Made by Miss Foote Shows Importance of the Work Which is Being Done There Each Year.

A report of the State Fair School of Domestic Science made to the Morgan County Farmer's Institute by Miss Nellie K. Foote of Delavan is printed herewith.

The eighteenth annual session of the State Fair School of Domestic Science was held in the Woman's Building on the State Fair grounds, Aug. 31st to Sept. 14, 1917.

Each county is entitled to one representative, or more in case all the counties are not represented. The vacancies are filled from the other counties and the extra applicants in the counties represented are assigned to report to the counties not represented. Each applicant must procure the signature of the member of the State Board of Agriculture, from her district, also that of the President of the Farmer's Institute and the President of the Domestic Science Association, and forward this application to the secretary of the Woman's Board. Upon entering the small fee of ten dollars is paid to go toward the expense of the student for the two weeks. This school is under the personal supervision of the Woman's Board who are appointed by the State Board of Agriculture. The present members are:

Mrs. S. E. Winsor, President.
Mrs. N. R. Goodwin, Napierville, Vice-President.
Miss Ethel Taggart, Freeport, Treasurer.

Mrs. H. A. McKeene, Springfield, Secretary.

This Board selects the instructors, has full charge of the management and furnishes chaperonage to the girls when needed. There were five instructors employed to supervise the different departments of the school work. Mrs. Nellie Kedzie Jones of Auburndale, Wisconsin, superintendent for thirteen years, gave two lectures each day on food subjects with practical demonstrations. Miss Fannie Brooks of the University of Illinois, a trained nurse of exceptional ability and a woman of charming personality, gave a lecture each morning on home nursing and sanitation and was instructor in the dormitory work and on Sept. 11 gave a final lecture on the Red Cross in War and how it takes care of the soldiers. Miss Anna Green, from the University of Illinois extension work, had charge of the baking and it was a pleasure to work with her. Mrs. E. Z. Mercer of Ottawa, had charge of the work in the dining room and Miss Lena Laws of Donnellson, was in charge of the cooking.

The aim of this school is the training young women in the most efficient up-to-date methods of cooking, house keeping and home nursing, thereby helping to become better home makers. The teachings they carry home are an influence in bettering and helping the community from which they come. More than fourteen hundred young women have taken advantage of attending this school. No two members of a family belonging to the same household will be admitted and no one will be admitted who has previously attended and who is under the age of eighteen or above thirty-five. Those who wish to go next year should send their names in now. All students must be present at every lecture. There were ninety three young women in attendance this year.

The girls are divided into five groups for service, such as preparing meals, dining room service, baking, dishwashing and dormitory work. Each group chose one of their number for captain, whose duty it was to see that the members of her group were doing the work required. In this way all pupils get practical training in the different kinds of work under the special instructor for that work. Each girl is required to make a report of the school to the Farmer's Institute in the county she represents.

On entering we were examined as to our previous opportunities and at the close of the school we were examined on our work and given diplomas.

The girls attended the church of their choice in groups on both Sundays. Many pleasure trips were taken, one afternoon the city railway took the school on a trip to two special cars all over the city and stopped at the different parks. We visited the State House Arsenal, Supreme Court Building, Lincoln's Home and one afternoon were given a reception at the Young Woman's Christian Association, and on Saturday evening, Sept. 8, the school gave the Boys' Agricultural School a reception. On one afternoon we walked over to Lincoln's monument and the Abby. One evening we had seats in the amphitheatre where wrapped in warm blankets we watched a grand display of fireworks, representing modern warfare. Some folks smiled when 33 girls filed in, each one carrying a blanket, but one girl was offered fifty cents for hers before the evening was over. Two nights we attended the stock show in the Coliseum.

At first the school was small and only the first and second floor were used for the school, but as the school grew in popularity the space became small, the dining room and kitchen were moved to the basement, the lecture room on the first floor, the three dormitories and office room on the second floor, with some beds in the attic where the trunks are stored. It may not be generally known that the instructors and Woman's Board live at the school with the girls, sleep in the dormitories and share their very close quarters. The way the building is now arranged makes a great deal of stair climbing for the girls whose work one day is in the kitchen and her bed in the attic. There are forty-nine steps to climb to get ready for lecture. A new building for this school with more conveniences and better equipment would be very greatly appreciated by the women and girls of Illinois who are interested in the school. This school means much to every young woman who has the privilege of attending. Just the intimate association with so many different girls is a great help to one.

One way of showing our appreciation is by trying to influence some other girl to go next year. Illinois may well be proud of having the first and only school of this kind in the world.

Football game Friday, Nov. 2. Illinois College vs. Wesleyan U. Game called at 3:30.

We had many visitors at the school, among them Mr. N. R. Goodwin, editor of the Breeder's Gazette, and husband of our vice-president, who talked to us of a State Fair as a school, not as a place of amusement. He said if he had his way there would be no "Happy Hollows." One man came from Ohio to look over the school, hoping to get one like it started in his state. On a Sunday evening we had the pleasure of listening to a fine talk by Senator McGill on the One Hundredth Anniversary of Illinois in 1918.

Mrs. H. M. Dunlap of Savory and several of the ladies from the Domestic Science departments were our guests for dinner one evening. Mrs. Dunlap talked to us of the trials she had in trying to found this school. It was thru her influence that this school was made possible. The first session of this school was held in the upper room of the Dome Building, recently burned. It was then moved to the first Woman's Building where the Dairy Building now stands. This building was burned in 1903 and the girl's school has been held there ever since. It would be hard to find a noisier place on the grounds. Just imagine an instructor trying to speak above the noise of the children's playground on one side and the men selling popcorn, ice cream, sandwiches and whistles, and all the other noise that goes with the Fair all around.

DESILVA CASE DISMISSED BY JUSTICE COONS.

The case of Charles DeSilva charged with moving a wooden structure into the fire limits was called in Justice Dyer's court Wednesday and a change of venue was asked and granted to the court of Justice Coons. After hearing the evidence the court dismissed the case. It is understood that an appeal will be taken to the circuit court. DeSilva was represented by J. O. Priest and the city was represented by City Attorney J. J. Reeve.

WESTMINSTER WOMEN SEWED FOR RED CROSS

The women of Westminster church met with Mrs. S. O. Barr, 1209 West street Thursday afternoon and sewed for the Red Cross. The Westminster women have been meeting with Mrs. J. H. Russell for several months but will now meet with Mrs. Barr. They are engaged in making convalescent robes.

WHILE AT WAR Women Suffer at Home.

QUINCY, ILL.—"Several years ago a relative of mine suffered with woman's weakness and impoverished blood. She took Doctor Pierce's Favorite Prescription and his Golden Medical Discovery for these ailments with the very best of results. She was most enthusiastic concerning these remedies and was always recommending them. At that time I was quite a young girl and made my home with her. She gave me the 'Favorite Prescription' as a tonic and nerve-builder. It helped me very much and my system only required the one bottle to be made entirely well and strong."—MRS. B. GALLAGHER, 302½ S. 4th Street.

St. Louis, Mo.—"Doctor Pierce's Favorite Prescription was a favorite medicine of my mother's. When I was a girl she gave it to me. It was the means of restoring me to health. I do recommend this medicine to young girls, especially those who are just coming into womanhood."—MRS. FRANKIE WOOLSEY, 449 Hunt Avenue.

"Favorite Prescription," the ever-famous friend to ailing women, and "Golden Medical Discovery," the greatest general tonic are both put up in liquid and tablets, and are to be found in nearly all drug stores. They have enjoyed an immense sale for nearly 50 years, which proves their merits as well as the statements made by users. If not obtainable at your dealer's send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., and he will mail trial package of either tablets.

FINDS HOUSEWORK A REAL PLEASURE NOW

Freeport, Ill., Nov. 1—"Tanlac has given me health and strength and has put me in condition to do my housework properly and I want to recommend it for others," Mrs. J. G. Patterson, 38 Douglas avenue, wife of a traveling salesman for a Perry, Iowa, manufacturing concern, said on March 21.

"I was in such a nervous, run down condition that I felt tired all the time," Mrs. Patterson continued. "I didn't sleep well at night and I dreaded getting up in mornings. I didn't feel like doing my housework and the little work I did do was simply drudgery. I was so nervous that I couldn't stand any noise of any kind."

"I read about Tanlac in the newspapers and decided to give it a trial. Tanlac has built me up in every respect and has benefited me in every way. I sleep soundly and peacefully every night now, and get up in morning feeling fine and strong. My work is getting to be a pleasure to me now."

Tanlac has helped me so much that I am sure it will help others and I want to recommend it. Hundreds of people of Freeport and vicinity are now taking Tanlac, the Master Medicine, and are finding it surprisingly beneficial in cases of stomach, liver and kidney trouble, catarrhal complaints, nervousness, loss of appetite and the like. Tanlac also is a fine tonic and strength builder for weak, nervous, run down men and women.

Tanlac is now being introduced and explained in Jacksonville at Coover & Shreve's drug stores. It also may be obtained in the following nearby towns: Waverly, Wyle Drug Co.; New Berlin, New Berlin Drug Co.; Ashland, H. O. Brownback; Versailles, A. G. Bates; Chapin, F. P. McKinney.—Adv.

FARM PROPERTY
Sold another good 160-acre farm last week and prospective buyers have one fewer farm to select from. Listen to these:

(1) Farm of 169 acres, nearly all level to farm with eighty acres of good black land and only one and a half miles from shipping point and interurban station and one and a half miles to oil highway. Five miles from county seat. There is a 7 room house, horse barn, cattle barn, 40x60, large machine shed and other out buildings. There are two gasoline engines for general use on the farm that goes in with the place, also about 50 acres of wheat sown. This farm at \$125 is the chance of a life time; will consider a smaller farm or good city property in exchange.

(2) A farm of 290 acres three miles from shipping point, one-half level to cultivate of which 60 acres is bottom land, about 15 acres in timber, the balance in blue grass pasture. House of 5 rooms, barn for eight horses with shed adjoining and other out buildings. Will consider a small farm or city property in exchange. Price \$125.00.

(3) Our very best farm—one of Morgan county's choice grain farms located east of the city and within three miles of three elevators on three different railroads. This land is mostly black prairie soil running to rolling, black walnut and sugar tree land where the buildings are situated. There is a fine two story house, a first class horse and cattle barn, stock scales, corn crib for 5000 bushels and plenty of other out buildings. This is a completely finished farm home convenient and handy in arrangement and all in excellent condition. For special reasons this farm can be had for \$40,000 on very satisfactory terms. Now don't wait until it is convenient to see this farm—do it today, or you may lose it.

CITY PROPERTY
We have some choice bargains in city property. Let us prove it.

MONEY
We are beginning to realize the truth of our prediction—Government loans means less money for local loans and a higher rate of interest. Secure your farm loans while the money is available.

A CREAMY LOTION
MADE WITH LEMONS

Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes, to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear, smoothen and beautify. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have an inexpensive toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.—Adv.

ON CASH BASIS
The packers and other wholesalers now demand weekly payments from us. Consequently we must go to a cash retail business. Beginning today we must have cash with your order for meat or groceries, when you give the order or at the time of delivery. This plan we feel sure will be both economical and satisfactory for our customers. We will continue to give the best possible values in meats and groceries.

places where they voted in the presidential election. These polling places were chosen because they were centrally located and because it was felt that more women would come freely to a public building than to a private home. The captains are not necessarily in their own precincts, they are women who were willing to give the time to learning registration and organizing their precincts. The registration places will be open from 9 a. m. to 8 p. m. With the captain and a group of trained registrars in charge to help each woman make her card the best possible record of her training experience and willingness to help.

The object of this registration is to give the government a census of the woman power of the country, as a preparedness measure. Every woman in Morgan county over sixteen is asked to register.

ALL CHILDREN LOVE
"SYRUP OF FIGS" FOR
LIVER AND BOWELS

Give It When Feverish, Cross, Bilious, for Bad Breath or Sour Stomach.

Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

Robinson, Nortonville—Captain, Mrs. G. O. Webster.
Pisgah—Captain, Mrs. A. A. Curry.
Prentice—Captain, Miss Mamie Corrington.
Sinclair—Captain, Mrs. Harry Martin.
Woodson—Captain, Mrs. Luella Henry.
Waverly No. 1—Captain, Miss Addie Everett.
Waverly No. 2—Captain, Miss Emma Burnett.
The Council of National Defense, Morgan County unit has arranged a patriotic meeting in each of the county precincts, and they are well organized and Jacksonville will leave to do mighty well to be at the county county.

AVERY COONLEY REPLIES TO EVANGELIST HANLEY

Takes Issue With Evangelist's Remarks About Christian Science—Uses Words of Christ in Support of Belief.

The communication given hereunder is from Avery Coonley and is sent in reply to certain statements Evangelist Hanley is alleged to have made in a recent sermon delivered in Grace church. The communication was sent to Commissioner William F. Widmayer with the request that he hand it to the Journal for publication. The communication follows:

Chicago, October 31, 1917.

Editor The Journal, Jacksonville, Illinois.

Dear Sir:

As quoted in the Journal of October 28, an evangelist made uncomplimentary references to Christian Science, but he said at least one thing that Christian Scientists would agree with, namely, that "when there's nothing wrong with you but your head Christian Science is a good place to go." True, but of far more importance to humanity is the fact, as Christian Scientists have proven, that it is a good thing to turn to under more serious circumstances—indeed, under all circumstances.

"The evangelist indicates his disapproval of Christian healing in modern times by his reference to what he calls 'Billy Sunday's test for Christian Scientists' but it should seem natural rather than surprising to find healing an accompaniment of religion, since Jesus healed the sick without material means, but by spiritual means alone, commanded his followers to do likewise and promised that 'these signs' should 'follow them that believe.'"

"Billy Sunday's test for Christian Scientists appears to consist in the taking of strychnine and then invoking God's power to undo the very thing you have purposely done to test Him. It seems to appeal to the evangelist as a good test for Christian Scientists, but it is noticeable that neither he nor other revivalists appear to recommend that sort of test to those seeking the benefits of his own religion. Another reason for declining it which ought to be sufficient for Christians is, that altho Jesus showed his power to set at naught every human law including death, when 'the devil' undertook to get him to submit to the kind of tests the evangelist recommends, by casting himself down from the temple, he refused without apology and with the significant explanation, 'Get thee hence, Satan.'"

"Thanking you for the fairness which permits this statement, I am

"Very truly yours,

"Avery Coonley."

FARMERS' GROW MORE LIVE STOCK.

(By Charles E. Snyder, Editor, The Farmers' Review.)

Just now we need more meat. Farmers are being urged to produce more meat. And it is good advice they are getting, for, as a well-known farmer says, "I have never known a farm where good livestock was kept regularly and well managed that was not a good profit-making farm."

Communities where much good livestock is kept are habitually prosperous. Labor is a serious problem in agriculture, but it is more serious for the farmer who must hire for the crop season only than it is for the farmer who is able to hire by the year, which is only feasible under the livestock plan. And farmers should favor livestock because a farm with a generous sprinkling of domestic animals on it means more as a place to live than a farm with only a few horses, a dog, a cat and some chickens.

Some mares and their colts—some cows and their calves—some sows and their pigs—some ewes and their lambs—they transform the soil and the inanimate things that grow therein and thereon to a real, live, active farm, with something going on every day in the year, and with something to which a farmer may apply his skill in the production of splendid specimens of animals for work or food.

So grow more livestock. Not only because this nation and her allies need it, but because it is a sound, sensible, safe, satisfactory method of farming.

THOUSANDS ARE BELIEVED DROWNED.

London, Oct. 31.—Thousands of British Indian reserves are believed to have been drowned at Durban, according to a despatch from Johannesburg, Union of South Africa, today.

No details have been received from any source to indicate the nature of the calamity reported in the Johannesburg advices.

Thomas Casey and family rode from Buckhorn to the city in their Overland car yesterday.

MORGAN COUNTY MEN
CERTIFIED FOR SERVICE

Local Exemption Board Receives List From District Board at Springfield Thursday.

The local exemption board Thursday received from the district board at Springfield the names of forty Morgan county men as being liable for military service at any time. These men are those who passed the physical qualifications in the last list of 180 men examined and who did not claim exemption. There were forty-four men in this class. Three claimed exemption of the district board later on industrial grounds and were discharged for this reason, one other man was afterward recalled by the local board and discharged for physical disability. Notices will be mailed to each of these forty men by the local board officially notifying them of their immediate liability for service.

EAT WITHOUT FEAR
OF INDIGESTION OR
SOUR, ACID STOMACH

Instant Relief! "Pape's Diapiesin" Ends Your Stomach Distress. Try It!

Wonder what upset your stomach which portion of the food did the damage—do you? Well, don't bother; if sick, gassy and upset, and what you just ate was fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapiesin occasionally keeps the stomach sweetened and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion—if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops fermentation and acidity and sets things straight so gently and easily that it is really astonishing.—Adv.

No difference whether your pain or neuralgia is in the face, head or any part of the body you get instant relief with this old-time, honest pain destroyer—it cannot injure.—Adv.

COUNT FIFTY! PAINS
AND NEURALGIA GONE

Instant Relief! Rub This Nerve Torture and Misery Right Out with "St. Jacobs Oil"

Rub this soothing, penetrating oil right into the sore, inflamed nerves, and like magic—neuralgia disappears. "St. Jacobs Oil" conquers pain. It is a harmless "neuralgia relief" which doesn't burn or discolor the skin.

Don't suffer! It's so needless. Get a small trial bottle from any drug store and gently rub the "aching nerves" and in just a moment you will be absolutely free from pain and suffering.

No difference whether your pain or neuralgia is in the face, head or any part of the body you get instant relief with this old-time, honest pain destroyer—it cannot injure.—Adv.

COSSACKS GRANTED REQUEST FOR REPRESENTATION.

Petrograd, Oct. 31.—The request of the Siberian Cossacks that they be given representation on the jury which will try General Korniloff, leader of the recent abortive revolt, has been granted by the government. The request was based on the ground that the general's father was a Siberian. A Siberian regiment has been designated to guard General Korniloff pending his trial.

ANOTHER SPLENDID RED CROSS SHIPMENT

Large Number of Knitted Garments
Forwarded From Local Shop—
Knitting Committee Sees Need for
More Workers.

This has been a very busy week in the Knitting department of the Red Cross. The best shipment yet made went out from the shop Wednesday and contained 174 sweaters, 72 pairs of wristlets, 30 helmets, 42 mufflers, 145 pairs of socks. The workmanship was on the whole the best yet sent out from Jacksonville. The socks especially which are going out from Morgan county are the pride of those in charge of the knitting. A number of women are becoming expert sock-knitters and the work that is sent to Chicago comes up absolutely to standards set by the Red Cross. For the benefit of those who are starting their first socks the committee suggests that they be knitted loosely, that they measure from 10 1/2 to 12 inches in the foot, that there be no knots anywhere, and that they be finished with the Kitchener toe which can be learned any afternoon at the shop.

The Knitting committee feels that the knitting must continue indefinitely. Many women are knitting and many more will learn. Thru the generosity of J. Capps & Sons who have furnished yarn at cost or less the Red Cross has been able to tide over the difficulties caused by the yarn shortage. Many Red Cross Chapters have been without yarn when Jacksonville Chapter had yarn on hand. Had it not been for the local Capps firm, there would have been weeks when there would not have been a hank of yarn in the shop. They have supplied the Red Cross with various sweater yarns, and with an especially beautiful white sock yarn at \$2. worth \$3.50 per pound. This white sock yarn has become famous throughout the country and is now being sought for by all the branches. The most recent experiment in Capps yarn is a new soft and very heavy Khaki yarn which will give great satisfaction to knitters. Garments made from the Capps yarn are elastic, warm and durable and Morgan County knitters are fortunate in being able to get it. Local merchants have also been doing their bit for the Red Cross by supplying yarn, whenever they were able to get it, at the price at which they bought it.

The next shipment of knitting will be made Nov. 18th. All those having work on hand are urged to complete it if possible for that shipment. The definite pledges for certain amounts of work are very helpful to the committee. Those wishing to give time in teaching are asked to telephone Mrs. F. J. Hehl, chairman, or Miss Margaret Dem. Brown, vice chairman. The response to appeals both for knitting and for the giving of time at the shop has been very generous.

The following ladies are now giving regular time in the knitting department at the shop: Mrs. Edgar E. Crabtree, Mrs. F. J. Waddell, Mrs. J. W. Hairgrove, Mrs. J. T. King, Mrs. J. W. Lowdermilk, Mrs. David W. Reid, Mrs. George Harney, Mrs. McFall, Mrs. W. T. Capps, Mrs. M. F. Dunlap, Miss Gertrude Ayers, Miss Helen Alcott, Mrs. H. H. Bancroft, Mrs. E. E. Hatfield, Mrs. W. D. Mathers, Mrs. John R. Davis, Mrs. J. F. Langton, Miss Lena Engel, Mrs. Wallace, Mrs. Eugene Keefe.

House and lot No. 853 Doolin Ave., will be sold at public auction at court house, Saturday, at 2 p. m.

FIRE ALARM THURSDAY

The first fire alarm since October 8 was turned into the department Thursday morning at 10:36 o'clock from the old Schmitz property 325 East Court street. Fire had caught in the roof from sparks from a chimney. The chemical was used, the blaze was extinguished without much damage. The property is owned by Mrs. Steinmetz of Springfield and occupied by Mrs. J. W. Harrison.

A TREATMENT FOR NERVES

Woman Tells How Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINGERBACH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, headache, dizziness, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from choice roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

CANADIAN TO AID IN Y. M. C. A. WAR CAMPAIGN

Man Recently Returned from Front
Speaks Enthusiastically of Work
of Organization in Foreign Fields
Lost Arm at Vimy Ridge.

Chicago, Nov. 1.—His right arm waved defiance at the Germans and then praise for the Y. M. C. A. in the field in Europe; his left arm the stump in its almost empty sleeve, wiggled sympathetically as James Hart of Toronto, Canada, late of His Majesty's 54th battalion of infantry, talked to a large crowd in a station here today prior to his departure for a tour of Illinois.

Hart, barely of age, is pressing the preliminary campaign for the \$2,000,000 war work fund which the Young Men's Christian Association seeks in this state as a part of the \$35,000,000 sought in the United States for the relief and welfare of 24,000,000 men in the armies of the allies all over the world. A large part of the total fund is to be expended, it was said here today, for 6,000,000 prisoners of war in Europe.

"The German soldiers were 'licked' more than a year ago," said Hart. "Their commanders may be trying to make them believe otherwise but we boys in the trenches know better. Fritz won't fight man to man. He'd rather surrender. I've known of hundreds of them who threw down their arms and yelled 'Kamarad' as we went over the tops of their trenches. The Boches can't stand the steel." Detachments of Teutons, holding their rations and their defeat aloft and advancing appealingly toward their foes, are a common sight, Hart asserted.

"What the troops on the battle lines like next best to see," said the young veteran, "is the red triangle of the Y. M. C. A. It means rest and calm, convenience and comfort to millions of war weary men. You can't go anywhere, in the battlefields of France, particularly, without seeing the red triangle. Y. M. C. A. men live in holes in the ground right along the trenches; most of them are in the third line. They are exposed to shell fire and gas clouds; many have suffered in the cause."

The association dugouts and huts have saved many a man from despondency and immorality. Hart maintained. "There isn't a town in France, in the war zones of Europe, that hasn't a Y. M. C. A.," he said. "The first thing soldiers do when they enter a town back of their lines is to hike for the red triangle."

There they obtain free of cost hot coffee and chocolate, biscuits and other dainties. Stationery is also given them and for every night in the week there is a program—boxing matches, lectures, concerts or vaudeville.

Hart, who wears a silver medal for bravery in battle but who doesn't like to talk about it, vehemently confirmed reports of Teutonic cruelty. "The Germans bombed the hospital in which I lay in England a few days after I left it to return to Canada," he said. "The Germans also torpedoed the hospital ship which carried me from France to England."

Over the top Hart went thrice. At Vimy Ridge his arm was shot away.

HUMBLE THE HUNS!

Humble the Huns for humanity.
This is the need of the hour!
Let nothing deter you from duty;
Conquer this big world power!

Humble the Huns for humanity.
Keep them from "crowing" so loud.
Let them not boast of tomorrow,
Crush them for feeling so proud!

Humble the Huns for humanity.
They need this lesson today;
For never in human history
Has pride held such fearful sway!

Humble the Huns for humanity.
They're the curse that stalks abroad;
Yes, the curse of civilization
Democracy's cursed load!

Humble the Huns for humanity.
Make them sue quickly for peace!
Give them neither respite nor quarter,
Till tyrants forever shall cease!

Humble the Huns for humanity.
The world demands that ye do!
Lest Prussian philosophy conquer
And militarism crush us too!

Humble the Huns for humanity.
Let nothing stop your good work
For the whole world and its worn
children,
No, not the Kaiser or Turk!

Humble the Huns for humanity.
Long has autocracy ruled!
Now that democracy is dawning
Mankind no more shall be fooled!

The above lines which are a message of real moment were written by Rev. William Smith, formerly a minister in this county and now special field agent for the Aetna Life Insurance company. When the verses were written a copy was sent to President Wilson and appropriate acknowledgement came from his secretary.

NEW WABASH SCHEDULE.
In accordance with a schedule which the Wabash will put into effect next Sunday, the west bound train leaving here at 5:10 p. m. will again make connections at Pittsfield, as will be true of east bound trains arriving here at 9:45 a. m. Train No. 9 leaving here for the west at 1:10 p. m. will not make connection for Pittsfield. A change in the Cannon Ball will also be made, this train leaving here at 2 a. m. instead of 1:55 a. m.

Charles Rowland, wife and family of the east part of the county, motor-ed to the city in their Ford car yesterday.

Be Accompanied By Adjutant
General Dickson.

Chicago, Nov. 1.—Governor Frank O. Lowden and Adjutant General Frank S. Dickson left Chicago this morning over the Illinois Central railroad for Camp Grant, Rockford, the first of the training camps in the itinerary to be visited by the governor.

The party will return to Chicago Thursday evening and leave immediately for Camp Dodge at Des Moines, Iowa for a tour of inspection. Other camps will be visited in turn until the itinerary is completed. The itinerary is as follows:
Camp Grant, Rockford, Thursday.
Camp Dodge, Des Moines, Iowa, Friday.
Camp Taylor, Louisville, Ky., Saturday.
Camp Logan, Houston, Texas, Tuesday.

TEACHERS TO HEAR JEANETTE RANKIN

Milwaukee, Wis., Nov. 1.—The war will form the chief topic of discussion before the Wisconsin Teachers' Association at its annual convention which begins here today. The program will be devoted mainly to the services teachers and children can give toward winning the struggle. Miss Jeanette Rankin, representative in Congress from Montana, heads the list of speakers.

Mrs. Alice Anderson of Chapin was a city caller yesterday.

FINAL DAY TO FILE CIRCUIT COURT SUITS

Last Chance for Service Before November Term—Judge E. S. Smith will Preside—Docket of Usual Size.

Today will be the last day of service for the November term of the Morgan county circuit court. A few cases will no doubt be filed but in the main the docket for the term is complete. The records of Circuit Clerk Boston indicate that there will be a little more than the average amount of court business at the coming term. Judge E. S. Smith of Sangamon county will preside during the term.

Several suits were filed Thursday. The most important of these is that which the trustees of Illinois college have brought against the city of Jacksonville. The praecipe fixes the amount due at \$6,000. The attorneys for the college are Bellati, Bellati & Moriarty and Worthington, Reeve & Green. While the declaration has not been filed, it is assumed that this suit is the result of the fact that Illinois college is the holder of public improvement bonds of the city of Jacksonville which are now past due and unpaid.

An appeal case is that if T. C. Nuesseler vs. H. Hoffman et al., being an action wherein the complainant alleges wages due in the sum of \$94. John M. Butler is the attorney for the complainant.

A divorce suit was filed by Mrs. Nellie M. Jones for separation from her husband, Elah Jones. The bill filed by W. N. Hairgrove as attorney shows that the marriage occurred Oct. 24, 1906, and that Mr. and Mrs. Jones lived together until about a year ago. Desertion is the ground on which divorce is asked.

F. L. Gregory has filed a suit on behalf of the Weber Bros. Shoe Co. against R. B. Frost and John A. Nolley, alleging damages in the sum of \$200. The new cases thus far filed for hearing at the November term are as follows:

Criminal

People of Illinois vs. George Price, assault to kill.

William Price, resisting an officer.

Thomas Hennessey, larceny.

Samuel Keys, burglary and larceny.

William Mitchell, statutory charge.

Sam Farraro, assault to kill and murder.

Lloyd Hare, burglary and larceny.

Roy Daniels, accessory to burglary and larceny.

Harry Bright, robbery and larceny.

Myron Corbridge, horse and buggy stealing.

Herman E. Barrett, statutory charge.

Adelia Roberts, appeal from J. P. Lee McCue, larceny of automobile.

Oscar Gray, larceny.

Herbert Hyatt, assault to kill and murder.

Roy Sayre, manslaughter.

William Carter, assault.

Harry Clark, assault to kill.

James Conley, exhibiting obscene literature.

Holly Wright, alias Charles Wright, statutory charge.

Holly Wright, alias Charles Wright, assault to murder.

John W. Melton vs. Susan F. Melton, divorce.

Grace B. Mosely vs. Alonzo Mosely, divorce.

Mary O'Brien Simpson et al. vs. Annie O'Brien, et al., partition.

John T. Spears vs. Anna B. Spears, divorce.

Myrtle Harden vs. Burman Harden, divorce.

Katherine Turner vs. Arthur Turner, divorce.

Leticia G. Bond vs. Leroy Bond, divorce.

John DeOrellas as cons. of Emanuel Ward vs. August Goveia and Augusta Goveia, bill to set aside deed.

Mary H. Hodgson vs. James E. Barber, et al., foreclosure.

Emma G. Smith et al. vs. Laura H. Smith et al., bill to confirm title.

Hester M. Capps vs. James G. Capps, Sr., divorce.

Mary Truax vs. Joseph Truax, divorce.

Adele Armstrong vs. Elizabeth Coffman, et al., foreclosure.

Myrtle Henry vs. Harold D. Henry et al., petition.

Malcolm E. Greenleaf vs. Alpha T. Baker et al., foreclosure.

S. J. Cocking and W. H. Cocking, partners etc., vs. County of Morgan, Ill., bill.

Mauvalsterre Drainage and Levee district, by commissioners, vs. John Frank et al., bill.

L. P. HAUCK WRITES ABOUT CAMP TAYLOR

Morgan County Contingent is Now Scattered in Different Lines of Work—\$2,000,000 Subscribed for Liberty Loan—Lloyd Spires Recovering from Illness.

The following letter written by L. P. Hauck from Camp Taylor was received yesterday by Hugh P. Green. According to this letter men in Morgan County's contingent of 48 are now scattered in different lines of work. All of the men are in good health except Lloyd Spires who is just recovering from an attack of pneumonia. The letter follows:

Camp Taylor, Oct. 29, 1917.
Dear Hugh:
Well I am a little late in writing but here has not been so much news of interest. Eads sent in a letter to the Journal so if you read Friday's paper you have most of the dope that concerns the bunch of 48 men that came with us.

However since then our bunch has been split. About a dozen or so being sent to the base hospital and 7 or 8 were today transferred to the quartermaster's department. At that rate we will all soon be scattered. Richard Wilding was sent to the provisional training battalion. Lloyd Spires who has been ill with pneumonia in the City Hospital in Louisville is getting along fine and is back in camp at the base hospital. He is able to sit up and do some corresponding and no doubt will be all right again in a short time.

A Liberty Loan bond campaign has been carried on here in camp by the officers and nearly all our boys who could afford it have subscribed for one or two bonds. So much of their pay each month is allotted until the bond is paid for. Generally for a \$50 bond \$5 a month and for a \$100 bond \$10 a month. I think the total subscription of the camp is about \$2,000,000.

We have had a very hard rain storm today and some of it came into the barracks thru the cracks between the window sash and frame and also thru the ventilator on the roof. The ground looked almost like a lake.

Our banquet last Tuesday was a success in every way. The entertainment furnished by the boys and also the officers was very much enjoyed. The menu was a treat to us, as it was somewhat different than we have been used to for the last five weeks. Decorations of the room were in keeping with the Halloween season. The expense of the affair was of course borne by us.

Wednesday night I went over to the Y. M. C. A. Auditorium where an entertainment was furnished by the "Swiss Alpine Yodlers" and some fellow from Chicago who impersonated several of the characters in "Duties of Parents from a Teacher's Standpoint"—John T. Taylor. Reading—Winifred Ashley. "The Why and How of Discipline"—C. L. Howard. General discussion. "Requirements of a Modern School"—Maude Moses, W. E. Mann. General discussion. Singing Games—First and Second grades, Bluffs school. "Instincts in Education"—Prof. David P. Hollis.

Thursday Evening, 7:30. College Songs—High School. Selection—H. S. Orchestra. Winter Song, by Bullard—H. S. Mixed Chorus. Address—Prof. H. Ambrose Fernin. Selection—Orchestra. Friday Morning, 9:30. All topics for general discussion. Song—"America." "Scott County's Need for Better Advantages in Secondary Education"—C. W. Smith. Singing Games—Third and Fourth grades, Bluffs school. "Practical Patriotism in Schools"—Mary Jackson. "Our Public School and the Illinois Centennial Celebration"—Elsie Lee Lyons. Music—Girls' Chorus. "The Need of Supervised Study"—G. E. Sprague. Selection—H. S. Orchestra. "Expanding the Rural School as a Community Center"—Margaret Green, Lottie Stinebaker, Ruth Sentney. New business. Announcements. Secretary's Report. Closing Song.

Friday Afternoon. Program given by the Athletic Association.

MOTHERS OF SOLDIERS PERFECT ORGANIZATION

Met at Library Wednesday and Perfect Organization and Elected Officers—Mrs. Charles Hopper is President of Organization—Will Plan Campaign of Active Work.

At a meeting held in the Public Library Wednesday afternoon of mothers who have sons in military service an organization was effected which will be known as "Mother's Association."

It will be the purpose of the organization to try to make things more pleasant for the men at the front and in the training camps. Mrs. P. W. Fox acted as temporary chairman and Mrs. James R. Watt as temporary secretary.

A constitution was read and was adopted for the association. A service banner was displayed by Mrs. A. P. Vasconcellos which has been adopted by a Chicago society. These banners are presented to each mother and on it is a star for each son in the service. This banner may be hung in the window of the home showing that someone from that home is fighting for his country.

At the close of the business session an address was made by Mrs. Foster of Illinois College. Her subject was the army Y. M. C. A. and its needs. Mrs. Parker Doan gave a talk on food conservation. The next meeting will be held at the library on Friday, Nov. 9. On that occasion an address will be delivered by Hugh Green on "Soldier's and Sailor's Insurance."

The officers elected are as follows:

President—Mrs. Charles Hopper.

Vice president—Mrs. C. A. Foster.

Corresponding secretary—Mrs. P. W. Fox.

Assistant corresponding secretary

Mrs. R. E. Libbey.
Chairman Membership committee
Mrs. Murdock.
Chairman of Work—Mrs. H. M. Smith.
Chairman of program—Mrs. C. H. Smith.

Jacksonville Council, No. 5, R. & S. M. will hold a special assembly Friday evening at 7:30. Work in S. E. degree. Refreshments.

Julius C. Strawn, T. I. M.
John R. Phillips, Sec'y.

STATE HISTORY IN FILM

In accordance with the plan of the Illinois Centennial commission a film association was organized some time since to arrange for the presentation of a film history of the state of Illinois. An advisory board for this association has been created including fifty well known citizens representing various parts of the state. M. F. Dunlap was chosen as a board member from Morgan county. Acting with the trustees the members of this board will formulate their opinion as to the most important epochs in the history of the state marking its progress from the days of Joliet and Marquette to Camp Grant.

ILLINOIS WESLEYAN WILL PLAY HERE TODAY

Illinois College Plays First Home Game This Afternoon—Coach Harmon and Team Express Confidence—"Pep" Meeting Held Thursday Night—All Spectators Must Pay Tax on Admission Tickets.

With a big "Pep" meeting held Thursday night Illinois college is ready for its first home game of the season on Illinois field with Wesleyan university of Bloomington this afternoon. The students were full of enthusiasm and optimistic speeches were made by Coach Harmon, Prof. Whisler, Capt. Whisler, Dr. J. G. Ames, Manager Newell and Dunston and Curran. The speeches were interspersed with college yells and songs.

Coach Harmon has had his squad working hard all week and several scrimmages were had with the high school team. All of the men are in excellent physical condition except Capt. Whisler. His condition, however, is greatly improved and he expects to get in the game a part of the time this afternoon.

Coach Harmon while realizing that Wesleyan has a strong team and that his men will be outweighed, believes they will give a good account of themselves. They showed wonderful improvement over their loss in the Eastern Normal game against Illinois Normal last Saturday. The men have progressed rapidly in the finer points of the game and have learned to take care of themselves in emergencies. Coach Harmon and the men express the belief that they will be able to spring a surprise on the visitors.

The game this afternoon will be the first big gathering to come under the new tax recently put into effect by the government. Under the new law all admission tickets to amusements or games of any kind must pay a tax. In this instance the tax to each person on a fifty cent admission ticket will be five cents. Don't forget to take along the extra nickel. This also applies to all persons entering on passes and all players.

Coach Harmon announces the following lineup to start the game this afternoon: Current, left end; Underwood, left tackle; Bronson, left guard; Miller, center; Deigh, right guard; Shoemaker, right tackle; Dunscomb, right end; Ferreira, quarter; Cox, left half; Barnes, right half; Cully, full back.

Callahan of Knox will referee; Graves of the University of Illinois will umpire, and John Larson will act as head linesman.

PATRIOTIC MEETING AT ALEXANDER.

A patriotic meeting was held in the M. E. church at Alexander Thursday night. There was a large attendance and much enthusiasm and interest was shown. John M. Butler of this city delivered a splendid address on war topics. Mr. Butler's speech teemed with patriotism and he was frequently interrupted with applause. Mrs. Felix Farrell told of Red Cross work and displayed some garments from the local Red Cross shop. Mrs. Ben Lorton gave an interesting address on Food Conservation and Miss Elson Barnes talked on Registration for Women. Miss Barnes urged upon her hearers the necessity for a complete registration in order that the government might have a reliable census of its woman power. Those in attendance from Jacksonville were Mr. and Mrs. Felix Farrell, Mr. and Mrs. John M. Butler, Mrs. Ben Lorton and Miss Elson Barnes. The trip was made in Mr. Farrell's car.

MRS. FRED DE FRATES KICKED BY HORSE

Mrs. Fred DeFrates suffered a painful injury Wednesday when she was kicked on the left knee by the family horse. Mrs. DeFrates went into the stable to harness the animal. It was eating hay and had its head in the manger. When Mrs. DeFrates placed the harness on its back it became frightened and kicked viciously striking Mrs. DeFrates on the knee. Tho the injury is not serious it is painful and will cause some inconvenience for several days.

ALEXANDER METHODIST CHURCH

A special song sermon will be given at the M. E. church at Alexander on Sunday at 7:30 p.m., Nov. 4th.

The sermon is a musical talk to be given by Rev. John A. Betcher.

LOCAL THEATERS WILL SHOW PATRIOTIC FILM

Picture, "Who Leads the National Army," to Have State Wide Presentation Under Auspices of Council of Defense.

As a result of action taken yesterday "Who Leads the National Army," a patriotic picture film, will be presented at all of the movie theatres of Jacksonville on dates later in the present month. Judge Owen P. Thompson recently received the request of the state council of defense to arrange for the presentation of this picture, and to accomplish that end Judge Thompson named as a local committee T. C. MacVicar, C. F. Doying and J. W. Walton.

This committee met in Judge Thompson's office Thursday morning with G. M. Luttrell, Thomas Scott and Harold Johnson, managers of the local theatres, who have all along been doing patriotic work by the presentation of films relating to various departments of government service, were very willing to join in the present plan. At the suggestion of Mr. Luttrell it was agreed that steps will be taken at once to secure the film for use here three days and it will be shown at each of the theatres for a day. Mr. Johnson was asked to take the matter up with the Triangle Film Co., and arrange for the dates and for the shipment of the films.

Judge Thompson's plan also contemplates having the film shown in the picture theatres in the towns of Waverly, Franklin, Meredosia, Chapin and Murrayville, and to that end he has taken up the question with certain residents of the towns named.

"Who Leads the National Army" is to be shown in theatres all over the country with the end in view of impressing upon the public the various steps taken in the organization of the national army. The picture will give some idea of the training of the men in the army cantonments and will make plain all of the preparations that are being made to have the men fit for service when they go across to the European frontier. The picture has the endorsement of exemption boards, army and government officials and is said to be a picture while in no manner sensational, of very great interest at the present time. Immediate action was necessary to secure the picture as the booking has been made far in advance.
